

# STOP

## CHILD ABUSE

"Stop child abuse ThRough effective training and augmented reality" project wants to:

Reduce sexual abuse and exploitation of young people (9-18 years old)

 innovative learning methodology for youth workers about sexual abuse prevention

Bring new approaches and tools to youth workers based on Augmented Reality game

 fight child adverse experience online and offline

Empower youth workers to teach children: how to respond to suspected abuse

 transform youth workers into child protector from violence and abuse

step by step

Children are vulnerable, often ashamed & afraid to report any incidents

10 – 20%

Children in Europe are sexually assaulted during their childhood

Children are approached for sexual purposes & child pornography is spread online

## STOP project wants to overcome these crimes through:

A comprehensive report about sexual abuse preventive measures

strategies implemented to prevent sexual abuse & ICT tools to use with teens in youth centres from Croatia, Spain, Italy, Cyprus and Greece

Learning materials for youth workers

to know more about the types of abuse both online and offline and how to handle them

An Augmented Reality game

to use with teens to talk about sexual abuse

Guidelines for youth workers

how to implement the Augmented Reality game with teens during non-formal activities in youth centres
